27 April 2004

REALIZING THE NET-CENTRIC VISION

Status of Transformation

- **Establishment of Classified Line of Business (CLOB)**
  - **Enterprise perspective and oversight to SCI workload and processing**
- **SCIF "Ready":**
  - **Significantly lessens lag time from requirements identification to operational use**
  - **Enables access and use of critical information in a more timely manner**

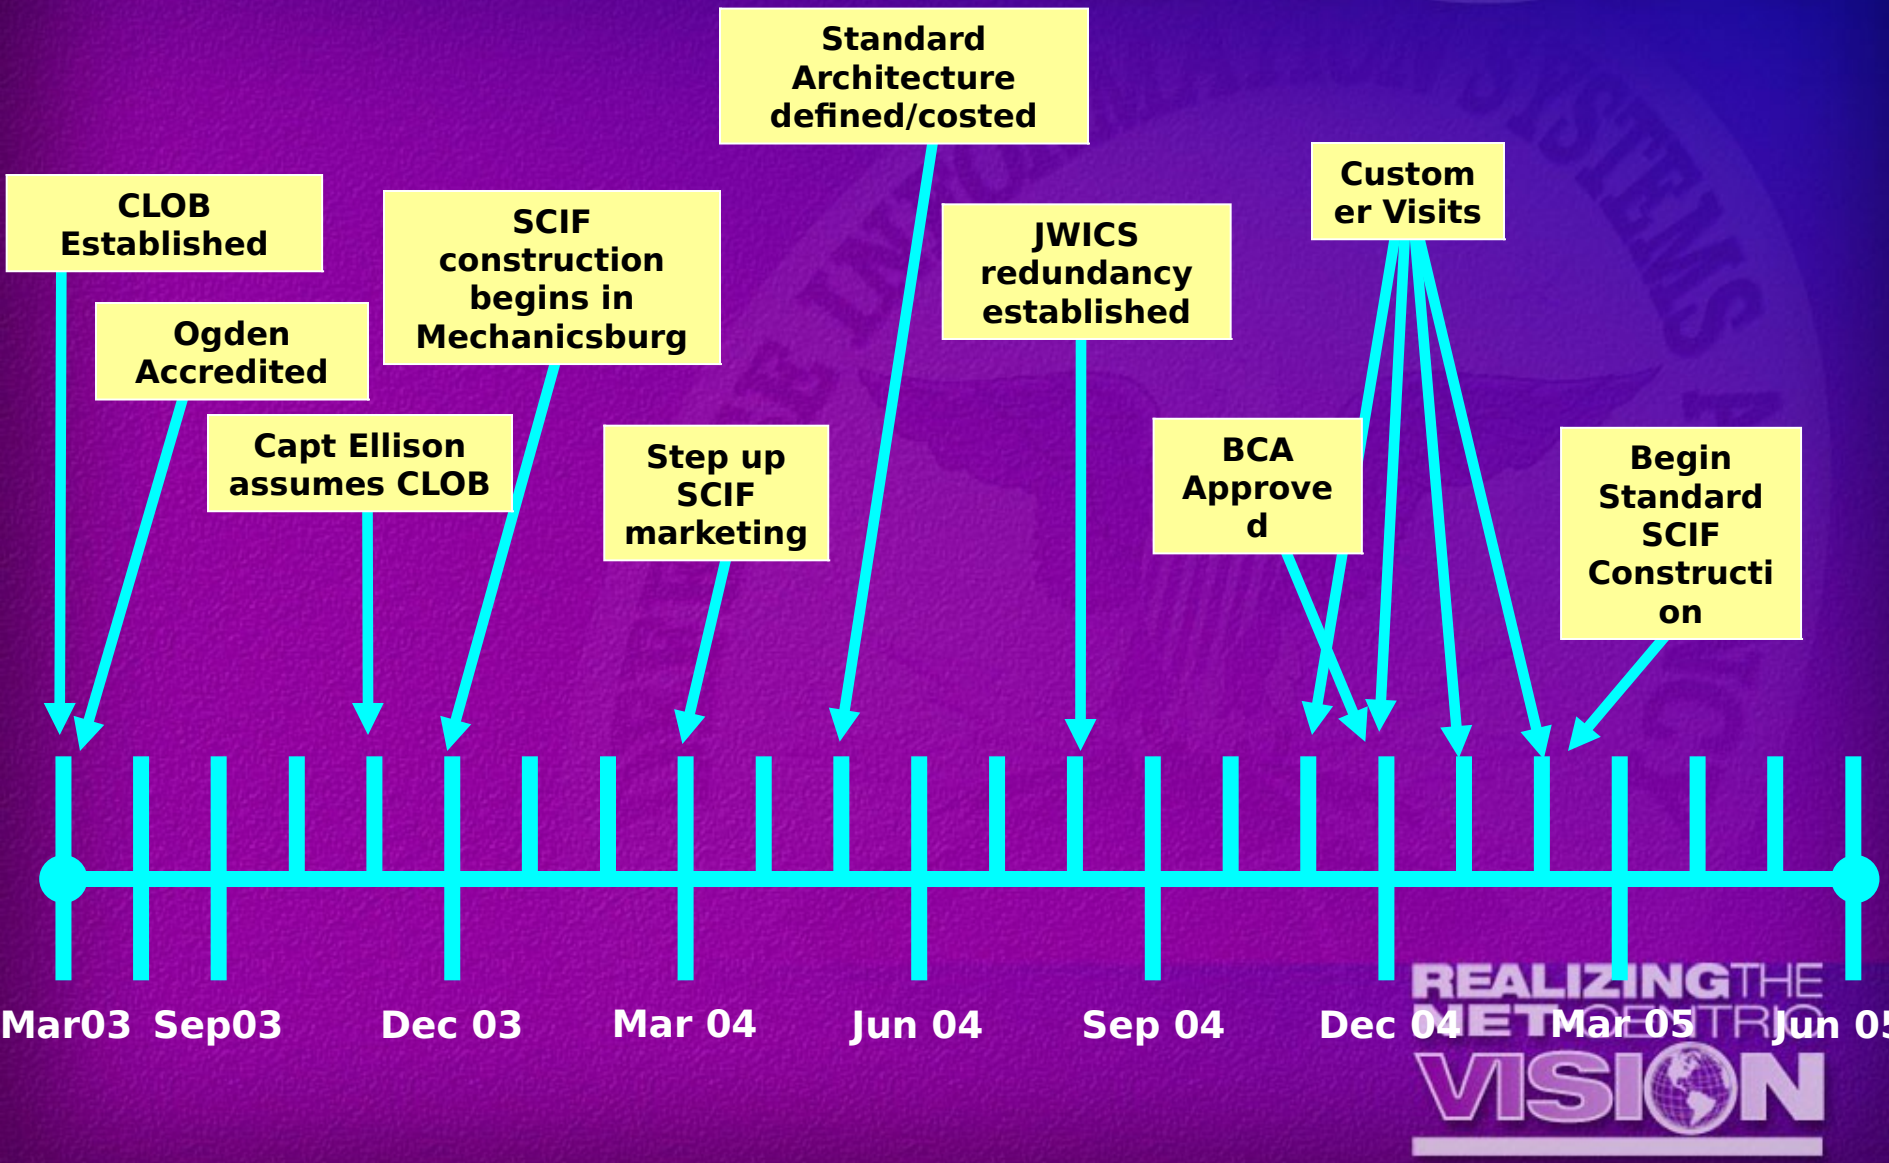
Status of Transformation

CLOB Timeline



REALIZING THE METACENTRIC VISION

Workload

- **Workload determination**
  - Classified LOB (CLOB) worked limited to SCI processing only
  - Depends on other LOBs for standard support issues
- **Potential customers**
  - (Not listed due to customer sensitivity)
  - Prioritizing new business leads with CS Staff
- **Facility Identification/establishment**
  - Active: Ogden and Dayton
  - Under construction: Mechanicsburg
  - Previously accredited: St. Louis

DISA
REALIZING THE NET-CENTRIC VISION

Technical Update

- **Modular SCIF approval**
  - Turnkey, cost effect system for customers with limited unique requirements
  - Can be easily modified to meet customer needs
- **Dual Hub JWICS**
  - Provides redundancy
  - Improves availability
  - No maintenance downtime

REALIZING THE NET-CENTRIC VISION

Summary

- **Ensure security processes and procedures are addressed and adhere to Federal/DISA policies and standards**
  - **Ensure consistency and relevancy**
  - **Maintain solid partnerships with customers**
- **DISA: The provider of standardized SCIF services**
  - **Common background**
  - **Access to required personnel and procedures**
  - **Already on secure sites**
